

PROFESSIONAL SUMMARY

MERN Stack Developer with hands-on experience building scalable full-stack web applications using React, Next.js, Node.js, Express, MongoDB, and Prisma ORM, containerized with Docker. Proven ability to deliver real-world projects featuring JWT authentication, role-based access control, payment integration, and media uploads focused on clean code and user-friendly solutions.

PROFESSIONAL EXPERIENCE

MERN Stack Developer Intern — Ilfa Tech

Dec 2025 – Mar 2026

- Assisted in building and maintaining full-stack web applications using the MERN stack (MongoDB, Express, React, Node.js).
- Developed and enhanced frontend features in React and backend REST APIs using Node.js and Express.
- Implemented JWT-based authentication and role-based access control to secure application routes and user data.
- Designed and optimized MongoDB schemas, handled CRUD operations, and improved query performance by restructuring indexes.

PROJECTS

Tuition Institute Management System

Role-based management platform with class scheduling, attendance tracking, online exams, fee handling, course uploads, and automated notifications.

React Node.js Express MongoDB JWT Cloudinary

Gym Management System

Full-stack fitness platform with role-based access, trainer management, workout plans, attendance tracking, subscription payments, and automated notifications.

React Node.js Express MongoDB JWT

Mini Social Media Platform

Social app with user profiles, posts, comments, and a like/follow system with full database integration.

React Tailwind CSS JavaScript Express.js MongoDB

TECHNICAL SKILLS

Frontend:	React.js, Next.js, HTML5, CSS3, JavaScript (ES6+), Tailwind CSS
Backend:	Node.js, Express.js, REST APIs, JWT Authentication
Databases & ORM:	MongoDB, Prisma ORM
DevOps & Tools:	Docker, Git, GitHub, Cloudinary
Concepts:	OOP, Software Design & Architecture

EDUCATION

Bachelor of Science in Computer Science (BSCS)

2021 – 2025

[COMSATS University Islamabad](#)

CERTIFICATIONS

- Full Stack Development Virtual Internship — Apexify Technologies (Nov 2025 – Dec 2025)
